

Dear Ms. Lam Khoa (Lena) Tran Thi

Congratulations!

It is our pleasure to inform you that your application for a VLIR-UOS scholarship for the **International Course Programme (ICP) Master of Science in Aquaculture** has been accepted by the Selection Committee. This means that you have been awarded a VLIR-UOS scholarship for this programme. You will arrive in Belgium a few days before the start of the programme. Your scholarship is valid for the complete duration of the programme (2 years: academic years 2014-2015 and 2015-2016). The programme organizers will inform you with more specific information regarding your arrival date in Belgium and the start of your programme later on.

VLIR-UOS will provide the programme with the necessary funds so as to enable them to pay you a scholarship allowance and take care of your flight and insurance.

Thank you for your cooperation!

Kind regards,

Ellen
