

# IBSC 2014

The International Bioscience Conference and the 5<sup>th</sup> International PSU-UNS Bioscience Conference

29-30 SEP  
PHUKET 

## Dear Colleagues,

The International Bioscience Conference 2014 or IBSC 2014 will be held on September 29-30, 2014, Phuket, Thailand.

IBSC 2014 will be held every two year to enhance collaboration among various bioscience disciplines and hence shape the science of the 21<sup>st</sup> century together.

We expect over 200 participants from around the globe to share and discuss the multi-aspects of bioscience – from basic research leading to advancement of knowledge to industrial research that deals with the development and use of innovative approaches to solve problem for environmental sustainability.

Publications: Selected papers will be published on international journal "Prince of Songkla University Science and Technology Journal".

Scientific areas:

**Track 1:** Plant Animal and Environmental Science

**Track 2:** Engineering and Economy in Agriculture

**Track 3:** Biotechnology and Food Science & Technology

**Track 4:** Bioactive Natural Products

**Track 5:** Bio - Sensing Technology and Biomaterials

For more details, see the conference website: <https://www.ibsc2014.com>

### Important Dates

Notification of abstract acceptance	May 15, 2014
Proceeding submission	Jan 15, 2014 - June 30, 2014
Early bird registration ends	May 30, 2014
Registration ends	July 31, 2014
Conference date	Sep 29-30, 2014

We hope to see you in Phuket, Thailand.

**The Conference Chairman**

Assoc. Prof. Wilaiwan Chotigeat, Ph.D.
